FAMILY VINEYARDS
NAPA VALLEY

Bordeaux Blonde's Picks: Family & Wine

I love when I get to experience family-owned wineries in Napa Valley that uphold family values of togetherness, hard work and a passion for wine. Here is an itinerary that will take you to three great family-owned wineries in beautiful Napa Valley.

Next stop is the brand-new tasting room at the **Baldacci Family Vineyards**. I had driven by the construction of this gorgeous tasting room for so long it was so exciting to finally be able to visit. I love the interior design of the entire tasting room. It is elegant and modern, but comfortable and I felt at home enough to sit and have a glass of wine with my friends. I find the Baldacci family story fascinating. Thomas & Brenda Baldacci purchased this property in 1998 and now their son, Michael Baldacci, is the Winemaker and Vineyard Manager. I love that they have vineyards in Calistoga, Stags Leap District and beautiful Los Carneros. They produce one my favorite wines (a Pinot Noir), and Cabernet Sauvignon that is 100% Cab, sparkling wines and more.
